MIDDLE EAST, INDIA & GEORGIA

Our Vision

Daviti Education Consultancy aims to achieve an aspiring individual's medical dream to an affordable reality by providing diligent economical services and a long term relationship network.

Why Georgian Universities ?

There are 15 medical universities from Georgia that are recognized by the WHO and MCI (Medical Council of India) of which only a few offer English Curriculum.

We have selected that few that are extra ordinary in terms of education, Clinical facilities & exchange programs with other countries that offer excellent teaching & training.

1. Georgian Education provides students a European Exposure and is a gateway to European & American Countries in ease.
2. Some Georgian Universities has the standards / infrastructure of the world's top Universities.
3. Students get the opportunity to complete the step 2 exam prior completing their MD course.

Procedure for Admissions

Once the results are published,

1. We shall forward the copies of all the certificates to the universities along with their respective legally translated passport copies
2. Once they are approved, an invitation letter in the favor of student shall be issued by the college.
3. Then the tuition fees will have to be wired to their respective university or can be payed upon your arrival (for some universities).
4. Arrange travel
5. Airport Pick up and forward guidance is our responsibility.
6. Parents from with GCC countries can accompany the child as they have on-arrival visa facility.
7. When the student arrives at Georgia, he shall be taken to the University for Registration / Visa procedures by our delegates.
